HONEY SOFIA V. COLIS

OIC Director, ODHRM

VSU, Baybay City, Leyte

Jobs.vsu.edu.ph

Dear Ma'am Honey,

Greetings!

I am Christine Joy R. Mata of Purok 2 Brgy Catmon, Ormoc City Leyte. I would like to apply as a Science Research Specialist I in Visayas State University. I am 27 years of age, Married, Filipino, a graduate of Bicol University – College of Science, holding a Bachelor's degree in Chemistry. I passed the Chemistry Licensure Examination after my graduation on 2016. After passing the boards, I prepared myself for a sacred calling in the Church. I served 1 year and a half as a Full-time Missionary for the Church of Jesus Christ of Latter-Day-Saints (Mormons) in Davao City Philippines. In Jan 2019, I was hired to work as a Chemist in Pepsi-Cola Products Philippines Inc (PCPPI) – Naga Plant, in Naga City, Camarines Sur. I believe that my work and voluntary experiences will help me bigger on my desire to serve the government and be a part of the VSU Family. Given the chance to be included or be considered, I would be more than willing to submit all the necessary documents you will require to process my application and undergo trainings that would prepare me for the job.

I am willing to come to your good office at your most convenient time for my application process if I will be considered in the position I am applying for. I have included my contact number and my E-mail address if you, in any way, feel the need to reach me.

Thank you so much, and God bless.

Truly yours,

Christine Joy R. Mata
