To Whom It May Concern:

Greetings!

I am writing to express my keen interest in the Part-time Faculty position, as advertised on the Department of Philosophy and Social Sciences - VSU Facebook Page. With a degree in Philosophy (Magna Cum Laude/Class Valedictorian) from Bukidnon State University and a passion for teaching and education, I am confident in my ability to make a significant contribution to your team.

My academic and non-academic achievements serve as concrete evidence of my qualifications for this position. My philosophical paper, *"The Christian Imperative: Awakening the Ethical Consciousness of the Privileged for Social Justice,"* won the Best Paper Award at the 2023 SEPI International Conference on Christian Philosophy, Sustainability, and Development in the Philippines and Southeast Asia. My thesis, *"From the Philippines to the World: The Filipino Concept of Loob as a Universal Value,"* also won the Best Paper Award at my alma mater's 13th University-wide Student Research Competition. Moreover, I was awarded Most Outstanding University Student (1st Runner-Up) by my alma mater in June 2024. These achievements demonstrate my commitment to excellence and my refusal to settle for mediocrity.

My outstanding contributions as a student leader, campus journalist, debater, civic volunteer, and church worker speak to my competent, innovative, and ethical approach to all tasks and responsibilities.

In light of these qualifications, I humbly request that you consider my application. I have attached my resume and CV for your review and would welcome the opportunity to discuss my qualifications further in an interview.

Respectfully Yours,

CHARLES JONE M. ROSALES
