Visayas State University

Good day, Ma'am/Sir!

I am writing to express my interest in applying for the position of **Instructor for the Department of Liberal Arts and Behavioral Sciences**. I have been teaching as an English As Secondary Language teacher for two years and provided face to face tutorials to different students in our place.

In my job as an ESL teacher, I teach students of different nationalities from kids to adults. I have already taught businessmen, doctors, actors and even teachers. I have become expert at commanding student attention and managing different skills and interests. I also had the chance to teach and guide housekeeping students in Franciscan College of the Immaculate Concepcion as an Assistant Trainer for Butler Service Phraseology. Through my teaching experience, thus far, I have found that facilitating rather than dictating is a highly beneficial style of teaching. I incorporate participatory activities, technology, guided practice, problem-based learning and real-world applications to help students make progress and build on their skills.

I love working with students and will continue to strive to be a better influence in their lives. Being a highly passionate educator, I welcome the opportunity to meet with you and discuss how my teaching style and skills would benefit your educational program. I can be reached anytime via email at maeannemanguera@gmail.com or by a phone call through this number 09856298111. Thank you for your time and consideration. I look forward to speaking with you about this employment opportunity.

Sincerely,

MAE ANNE L. NIERVES
