Dr. Prose Ivy Yepes
University President
Visayas State University
Visca
Baybay City, Leyte, 6521

Dear Dr. Yepes,

I am writing to express my strong interest in the Mathematics Part-time Instructor position at Visayas State University, as advertised on the official Facebook page of the VSU Department of Mathematics. I am a fresh graduate with Bachelor's degree in Secondary Education major in Mathematics from Leyte Normal University, Tacloban City. I received an honor distinction of Magna Cum Laude and I am an undergraduate scholar of the Department of Science and Technology- Science Education Institute (DOST-SEI). With my experience at LNU and my dedication to fostering a love for learning and a commitment to innovative student-centered instruction, I am confident in my ability to contribute effectively and would be a valuable asset to your school.

During my teaching internship, I was assigned at two schools in DepEd- Tacloban City Division, namely: (1st shift) Tacloban City National High School handling Grade 10 students and in (2nd shift) Cirilo Roy Montejon National High School handling Grade 9 students. I have developed a deep understanding and appreciation of the importance of creating a positive and inclusive classroom environment, where every student feels valued and motivated to achieve their potential. I employ variety of instructional techniques to cater different learning styles and ensure that each student is being supported in their educational journey.

One of my greatest strengths as an educator is meeting my student's unique needs by developing a personal understanding of each one of them. I am able to achieve this by assessing my students as individuals and tailoring a lesson plan to accommodate multiple intelligences. I establish a good rapport with my students because I believe that students actively participate and learn best when they feel seen and heard by their teacher. Moreover, I also collaborate with my co-employees to ensure quality instruction that would be beneficial for the students.

I would enjoy the opportunity to meet with you personally to discuss my qualifications and credentials in further detail. Please contact me at your earliest convenience.

Very respectfully yours,

Roel Victor O. Morales
