## PAPER PRESENTATIONS

August 20, 2022 <i>Lived Experiences of the Bachelor of Education Students in the New Normal</i>	
Online Defense   Google Meet   Visayas State University	
The world's educational scene has been significantly impacted by the COVID-19 pandemic. In March 2020, all schools in the Philippines were canceled due to the pandemic threat. This shift in the teaching paradigm of learning due to the on-going pandemic has posed many challenges to the education sector. Visayas State University adapted the flexible learning to continue the educational system despite the pandemic that	
December 18, 2023, <i>Enhancing Grade 10 students Attention in Physical Education using The Jigsaw Method</i>	
At PhiiRootcrops Training Hall, Visayas State University.	
This paper examines the level of attention of students using Jigsaw Method as intervention to the lack of students' attention in physical education. The Jigsaw Method is an instructional strategy that differs from traditional class strategy, it involves cooperative learning, and active learning strategy to engage the students particularly their attention in the teaching-learning process
