MARK C. RATILLA, PH.D.

Department Head/ Associate Professor III
Department of Business and Management
Visca, Baybay City, Leyte 6521

Dear Sir Mark;

I am writing to express my interest in working as a *Part-Time Instructor* at your prestigious institution. I have previously taught in your Department courses: Entr 11-The Entrepreneurial Mind and Mgmt 111- Human Resource Management which, I believe, have greatly developed my teaching skills. During those times, I was able to hold online classes while encouraging students' active participation; facilitated webinars to foster deeper knowledge within the subject matters; deliver course objectives in line with the course syllabus; prepared instructional materials like PPT Presentations and lecture videos for synchronous and asynchronous classes drafted and submitted Table of Specifications; answer questions and subject related inquiries. I graduated with a Master of Management major in Business Management under the scholarship of the Commission on Higher Education (CHED) through the SIKAP Program. By God's grace, my special problem was accepted for publication in the Science and Humanities Journal, entitled *Optimizing Profit from Coconut Sap-Based Products at Different Investment Levels*. I obtained Bachelor's Degree in Agribusiness from Visayas State University (VSU), Baybay City, Leyte last 2019 as *Magna cum laude*; and have received an *Honor Graduate Eligibility (HGE)* from Civil Service Commission.

Recently, I was engaged with several consultancy and extension activities with the Department of Trade and Industry, and have written several investment plans on Virgin Coconut Oil, Crab Traps, the Rhode Island Red Chicken Project, Community Nursery, Fish Sauce and Dried Fish Production, Banana and Cassava Flour Processing, Palay Trading, and Cacao Farm Projects. Thankfully, I am the owner/proprietor of the Five Shepherds' Planting Materials and Agri-products, which is engaged in fabrication, poultry, live stocks, and other services. Momentarily, we have a technology licensing agreement with VSU to fabricate the Portable Vacuum Frier invented under the university's name.

I have also been given the opportunity to host seminars and training on Product Pricing and Costing with Current Good Manufacturing Practices; Simplified Bookkeeping for Non-accountants and eBIR forms Seminar; Entrepreneurial Minsetting and Negosyo Center Services; Business Expenses Savings Training (BEST) Game and Simplified Business Registration Forum; and Scaling Up Competitiveness Through Effective Use of IP System. Moreover, as an Agribusiness graduate, I have been equipped with the following skills: writing skills, interpersonal skills, active listening, general business, communication, computer (Microsoft Office, Lindo, SPSS, Open Office, Canva,

Prezi, Excel QM, and Adobe Photoshop), leadership, and driving skills (Restriction 1). Moreover, I am good in Filipino, Cebuano, and English language; and I am quite familiar with the Waray dialect. I gained knowledge on basic procedures in legal registrations as I came to be the owner of Five Shepherds' Planting Materials and Agri-products in Baybay, Leyte; and I have worked for two (2) years as a Negosyo Center Business Counselor in the Department of Trade and Industry.

Working for about two (2) years as a Negosyo Center Business Counselor at VSU-Baybay has positively influenced me. On several occasions, it has been my honor to be delegated as one of the resource speakers on seminars; which I believe, had greatly enhanced my skills. This exposure has likewise made me aware of the current businesses in our municipality. Eventually, I wish to bring my passion, knowledge, skills, expertise, and commitment to excellence within your institution's innovative environment; and be part of the pursuit of a globally competitive university for science, technology, and environmental conservation. I hope my application will receive favorable feedback from you.

I am very much willing to come to your office for an interview at your most convenient time. You may reach me through my mobile number (+63) 912 510 7778 or email address grace.molleno@vsu.edu.ph.

Thank you so much and God bless!

Sincerely,

GRACE L. MOLLENO
