**MARK RYAN R. TRIPOLE, MSc, R.Ch.**

Department Head

Department of Pure and Applied Chemistry

Visayas State University

Visca, Baybay, Leyte

Dear Sir,

Peace and all good!

I am writing this letter as my intent to apply once again as a Part-time Instructor at the Department of Pure and Applied Chemistry. My teaching experience as a former Part-time Instructor in this department has equipped me a lot to become an effective educator handling both laboratory and lecture classes for minor subjects. With this opportunity, I would like to express my strong interest to be part of the teaching force that would provide quality education to the students.

My name is Jhonavele B. Morano, 24 years of age and presently residing at Brgy. Hipusngo Baybay City, Leyte. Currently, I am pursuing my Master's degree- Master of Education in Visayas State University. I finished my bachelor's degree in the same university with the degree of Bachelor of Secondary Education Major in Science. I took the Licensure Examination for Professional Teachers (LEPT) last March 2023 and passed the examination last May 2023.

I can assure to provide the better instruction and guidance to the student's learning process. Handling numerous students in tertiary education has brought me oodles of learning especially in giving instruction and supervision. I also completed two different phases of my practice teaching program at VSU Integrated High School as a Science Teacher. I was assigned at the SHS Department and Junior Department where I was trained to become an efficient and effective teacher. I was able to develop my pedagogy and communication skills, learned and applied various teaching strategies, managing classroom teaching-learning situations, understanding various diverse learning styles of students, and proved my sense of responsibility and adaptability as a 21<sup>st</sup> century education.

I seek to be one of the educators to continually promote and hold on to its commitment to provide excellent education to the students. I firmly believe that my experience, knowledge and skills would be compatible to achieve the institution's vision.

I truly believe that we are all lifelong learners and I would love to take the opportunity to share this philosophy to the students as they explore this field. Thank you for considering my application. I would be happy to welcome an interview and hope to receive your favorable response to this application through my email add: [jhonavele.morano@vsu.edu.ph](mailto:jhonavele.morano@vsu.edu.ph) or to my contact number 09778762270.

God bless and more power!

Respectfully yours,

**Jhonavele B. Morano**
