OBJECTIVE

After completing my BS and MS degrees consecutively, with no prior work experience as I was a full-time student, I am now eager to gain hands-on experience and apply the knowledge and insights I have acquired throughout my college and graduate education. With this goal in mind, I hope to make meaningful contributions to the organization and to the individuals who may work under my guidance. This opportunity can also serve as a stepping stone for both personal and professional growth. It will allow me to apply what I have learned, refine and develop my skills, broaden my experience, boost my confidence, expand my knowledge base, and further explore my capabilities as I enter the workforce.
