Prof. Epifania G. Loreto  
Head, Department of Civil Engineering  
Visayas State University- Main Campus  
Visca, Baybay City, Leyte

Dear **Prof. Loreto**,

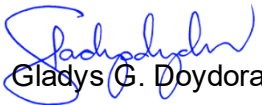

Greetings!

I am writing to express my interest in the Instructor, Part-Time position in the Department of Civil Engineering as posted on the job listing of the VSU-HRIS web page. With 11 years teaching engineering sciences and professional courses in the department, I still believe that I can be of valuable service as a support system in attaining the goals and objectives of the department in contributing to the academic community.

I graduated with a Bachelor of Science in Civil Engineering at Holy Name University and have completed 27 units of my ongoing master's degree program, Master of Science in Civil Engineering with specialization in Water Resources and Environment (MSCE- WRE) in University of San Carlos, Talamban Cebu City. I am positive that this has equipped me with the knowledge qualified to teach aspiring civil engineers through quality education, promoting lifelong learning opportunities to students in the university.

I am extremely grateful for the time in reviewing my application and for any consideration.

Respectfully yours,

  
Gladys G. Doydora
