LILIAN B. NUÑEZ

Head, Barangay Integrated Development Approach for Nutrition Improvement
Visayas State University – Main Campus
Visca, Baybay City, Leyte

Dear Ma'am Nuñez,

I am writing to express my interest in the Science Research Specialist I position within the Barangay Integrated Development Approach for Nutrition Improvement (BIDANI) at Visayas State University, as advertised. With a solid academic foundation in Animal Science, a Master's degree in Rural Development (in progress), and over nine years of professional experience, I am confident in my ability to contribute meaningfully to your team and support the university's initiatives in improving rural nutrition and development.

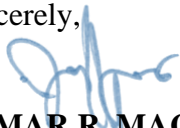

I hold a Bachelor's degree in Animal Science from Visayas State University and am currently pursuing a Master's degree in Rural Development at Eastern Visayas State University. In addition to my academic qualifications, I have gained substantial experience working with the Department of Social Welfare and Development (DSWD) as part of the Pantawid Pamilyang Pilipino Program (4Ps). This experience has honed my ability to implement programs focused on improving the welfare of marginalized communities, including farmers and fisherfolk, which aligns well with the objectives of your department.

As a licensed agriculturist since 2023, I have acquired a deeper understanding of the agricultural sector and the importance of research and development in creating sustainable solutions. I am particularly drawn to the opportunity to contribute to BIDANI's goal of improving nutrition and supporting rural communities through research-driven approaches.

I am eager to bring my expertise in rural development, agriculture, and community-based programs to support the success of the Barangay Integrated Development Approach for Nutrition Improvement. I believe my skills and experience can contribute significantly to your ongoing efforts and would love the opportunity to further discuss how I can be a valuable addition to your team.

Thank you for considering my application. I look forward to the possibility of discussing my qualifications further.

Sincerely,

JOMAR R. MACAYAN
