ABOUT ME

A BS Biology major in Ecology graduate, and a current National Trainer for the Philippine Red Cross and Chapter Youth Council President. I honed communication and leadership skills and aim to inspire students as an aspiring instructor in the Department of Biological Sciences at Visayas State University.

RECOGNITIONS AND EXPERIENCES

Chapter Youth Council President

2020- Present

Philippine Red Cross- Southern Leyte Chapter

As the President of the Philippine Red Cross - Southern Leyte Chapter Youth Council, I led a dynamic team of young volunteers in various humanitarian initiatives. Spearheading community engagement projects, disaster preparedness campaigns, and health awareness drives, I honed my leadership, communication, and teamwork skills. Through impactful collaborations, we worked together to make a positive difference in the lives of those we served.

DOST Scholarship Awardee

2021-2023

Department of Science and Technology- Region VIII, Palo, Leyte

I was a recipient of the Department of Science and Technology (DOST) Scholarship for my dedication to scientific education. This prestigious scholarship affirmed my commitment to excellence and provided invaluable support.

Short Course on Freshwater Biomonitoring

2022

Visayas State University | PhilRoot Crops, Baybay City, Leyte

Committed to enhancing my expertise, I completed a comprehensive short course on freshwater biomonitoring. This specialized training equipped me with valuable skills to assess water quality and ecosystem vitality. Through hands-on experience and in-depth insights, I gained proficiency in utilizing advanced techniques for effective environmental assessment.
