

19 December 2024

Maria Vanessa E. Gabunada

Head, Department of Arts, Languages, and Literature
Visayas State University
Visca, Baybay City, Leyte

Dear Dr. Gabunada,

Greetings of Peace!

My name is Ralph F. Lansaderas. I am in the last semester of my master's degree in animal science, specializing in animal nutrition. I would love to apply for the **part-time instructor** position in your department. With my determination and passion for teaching and research, I am confident in my skills and knowledge to contribute to providing students with excellent academic performance and developing their potential in their field.

While taking my master's degree in animal science, I was a graduate student teaching volunteer in the Department of Animal Science. I attended several seminars and trainings related to my field and in Agriculture.

I finished my bachelor's degree (BS – Agriculture major in Animal Science) at Visayas State University where I was able to learn and develop my practical skills in my field, especially in research, communication skills, and responsibility on tasks given since I am part of the student council for two terms.

I am fully aware that my background as an animal scientist is not related to the field you are looking at but with so much love for arts and literature, I think I can contribute my knowledge and skills to teaching most especially in delivering instructional materials and the subjects given to me. With my experience in arts and literature, I was a photojournalist and a writer way back in college and high school. I was an exclusive writer in one of the companies in Singapore where I write novels, in Filipino, Taglish, or English. I have more than ten books published on their online platforms and gained hundreds of thousands of reads. I know that my experience as a writer would not be enough to be qualified, but if given a chance to work, I am so willing and determined to study all the lessons and validate every piece of information I retrieved online before giving it to the students. And with the guidance of my head, I can perform my duty and responsibility well.

I am looking forward to the opportunity for an interview to discuss more about myself, share my experiences, and show my skills and knowledge during the teaching demo.

Thank you for your time and consideration!

Sincerely,

RALPH F. LANSADERAS
