TO WHOM THIS MAY CONCERN:

My name is Ryan Beverlo Pascual, a former resident and alumni of Visayas State University (VSU). I stumble upon your job posting for a Clinical Instructor in the College of Nursing. I am very keen in taking up this position because I am resilient. Though I have not yet met fully the requirements in having a Master's Degree, however I am willing to enroll myself while working as a Clinical Instructor. I am highly adaptable, flexible and can work outside my job description especially that the college of Nursing is in need of additional help.

I graduated from Cebu Normal University in year 2009, and passed the licensure exam right away. I have worked as a Nurse in the specialty wards (OR/DR) in Western Leyte Provincial Hospital for one year. Our affiliated hospitals during college days are Vicente Sotto Memorial Hospital, Cebu City Memorial Hospital and some known private hospitals in Cebu. That being said, I am confident that I am able to share my knowledge in handling students especially in a hospital environment.

I am looking forward for your response.

Sincerely,

Ryan Beverlo Pascual, RN
