PROFESSIONAL PROFILE

An academic professional with a master's degree in Entomology and a Bachelor of Science degree in Agriculture Major in Crop Protection from Visayas State University. I currently serve as a regular permanent faculty member, Program Chairperson for the Bachelor of Science in Agriculture, and Head of the Research and Development services Office at Northwest Samar State University San Jorge Campus. My diverse background includes significant roles in the Department of Agriculture, Philippine Coconut Authority, and the Food and Agriculture Organization of the United Nations, where I have contributed to various agricultural projects, research initiatives, and extension services. Passionate about advancing agricultural education and research, I am dedicated to fostering innovation and sustainability in the agricultural sector.
