EUSEBIO R. LINA JR., PhD

Department Head
Department of Mathematics
Visayas State University
Visca, Baybay City, Leyte

Dear Dr. Lina:

Peace and solidarity be with you!

I've heard that you need a math faculty member for your esteemed department. This is my letter of application for assistant professor position.

As a PhD candidate in mathematics at Mindanao State University-Iligan Institute of Technology, my name is Allan N. Cano. I have been a math instructor for almost four years, and in that time, I have refined not just my instructional techniques but also my understanding of the intrapersonal and interpersonal aspects of self-development. Considering these, I think I am qualified for the job.

Please review the supporting documents I've sent. You can contact me at **09559144956** or by email at **ANC_lanz128@yahoo.com** if you have any additional questions.

Sincerely,

ALLAN N. CANO, MSc, LPT
Applicant
