DR. CHARIS B. LIMBO-RIVERA
Director, Institute of Human Kinetics
Visayas State University

Dr. Limbo:

I write this as an application letter to your humble institution.

I am Jovel M. Aberilla from Hindang, Leyte and I am finishing my master's degree (thesis writing 2) at Cebu Normal University. And I graduated with my bachelor's degree at Visayas State University (formerly Leyte State University). I would like to apply for a part-time position at your humble institution.

I hold experience as an instructor for (16) years at the Institute of Human Kinetics, Visayas State University. I taught Service Physical Education Subjects, and Major Subjects (Technicalities in DANCE) for both major courses in Bachelor of Culture and Arts Education and Bachelor of Physical Education. Moreover, I accomplished assigned tasks such as being the Artistic Director of VSU Dance Company, organizing the Mister and Miss VSU Beauty Pageant as the production choreographer for 16 years, and was able to coach the VSU Dancesport Team and won in Regional and National SCUAA competitions. Furthermore, I was able to take part in the Visayas State University Culture and the Arts Center as head of the performing arts section, particularly the Dance Section, and I was able to coach and organize Regional PASUC in Culture and Arts Festivals.

Being Dance Guru, I experienced creating syllabi for different courses offered and aligning them to the new CMOs.

I brought VSU Dance Company to national platforms and received the 2023 Meritorious Performance Award from the National Commission for Culture and the Arts- National Dance Committee.

During the sixteen (16) years of my working experience at Visayas State University, I grew emotionally and professionally.

Thank you for considering my application. I would be very happy to discuss to you my application. You may contact me through this mobile number +639616642880 or email me at jovel.aberilla@vsu.edu.ph.

God bless, and more power to your good office.

Sincerely yours,

JOVEL M. ABERILLA
