mjdayondon1996@gmail.com
Brgy. Gaas, Baybay City, Leyte

PROFESSIONAL SUMMARY

Dedicated science research assistant with eight years of hands-on experience in laboratory analysis, field sampling, and soil fertility research. Specializes in soil nutrient testing (soil pH, soil organic matter, nitrogen, phosphorus, and iron) and data management. Seeking to leverage agricultural expertise and strict adherence to protocols to excel as a laboratory technician, ensuring accurate, efficient, and compliant analysis of soil and related samples.

WORK EXPERIENCE

February 2018 - Present

Science Research Assistant

Visayas State University
Visca, Baybay City, Leyte

- ❖ Contributed to the implementation of a biofertilizer project for abaca.
- ❖ Collected soil and plant tissue samples from various areas.
- ❖ Prepared collected samples for analysis.
- ❖ Conducted soil and plant tissue sample analysis, ensuring data accuracy and project integrity.
- ❖ Led field workers in trial implementation, contributing to efficient data collection and project progress.
- ❖ Performed related tasks as assigned by supervisor.

August 2017 - December 2017

Science Research Assistant

Visayas State University
Visca, Baybay City, Leyte

- ❖ Assisted in field sampling for the project.
- ❖ Processed soil samples.
- ❖ Conducted soil sample analysis.
- ❖ Performed related tasks as assigned by supervisor.

EDUCATION

2016 – 2017

Bachelor Science in Agriculture - Major in Soil Science
Visayas State University
Visca, Baybay City, Leyte

SKILLS

- ❖ Knowledge of laboratory procedures and soil analysis technique
- ❖ Familiarity with lab instruments and safety protocols
- ❖ Teamwork

CERTIFICATE AND TRAINING

- ❖ **Patent Drafting Writeshop**
RDE Breakout Room, OVPREI
Visayas State University
October 10-11, 2024
- ❖ **Patent Search Seminar**
RDE Breakout Room, OVPREI
Visayas State University
October 9, 2024
- ❖ **Training on Plant Tissue Culture Techniques, Laboratory Operation, Management and Shoot Tip Culture of Abaca and Selected Crops**
National Abaca Research Center
Visayas State University
March 13, 20-23, 2023
