ELVIRA L. OCLARIT Ph.D.

Head Chairperson
Department of Pest and Management
Visayas State University
Baybay City, Leyte

Dear Madam:

Greetings of Peace!

It refers to the teaching opportunity your department offers. I want to apply as a **part-time instructor**. I am **LEORENCE U. DOLOSO**, a licensed agriculturist, a DOST-ASTHRDP scholarship grantee, and a graduate of MS in Plant Protection from this university. I graduated with a BS in Agriculture major in Plant Breeding and Genetics from the University of Southern Mindanao (USM), Kabacan, North, Cotabato.

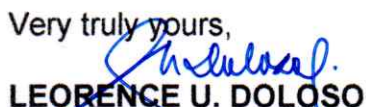

I am trained in all Molecular Biology and Genetics laboratory operations. I have eight (8) years' work experience at USM Agricultural Research Center- Biotechnology Unit (USMARC-Biotech) as a Science Research Assistant under the projects of Dr. Emma K. Sales. The Department of Agriculture-Bureau of Agricultural Research (DA-BAR) and the Philippine Council for Agriculture, Aquatic, and Natural Resources Research and Development (PCAARRD) funded these projects, prioritizing fruit trees, rubber, and corn crops.

From October 2021- July 2022, I was hired as the writer/analyst of ViCARP (Visayas Consortium for Agriculture, Aquatic and Natural Resources Program) under the leadership of Dr. Maria Juliet C. Ceniza. I packaged the Ugnay Award 2021 accomplishment report and the ViCARP story publication under the PCAARRD fund.

I am conscientious at work and willing to do milestones in plant protection proficiency. Moreover, the teaching opportunity is my professional desire. Hoping I will be given a chance to be part of your good office.

For other details on my application, I am also willing to come for a teaching demonstration anytime at your convenience, or you can call me at 09319765101.
Thank you very much!

Very truly yours,

LEORENCE U. DOLOSO
Applicant
