EDGARDO E. TULIN, PhD

*University President
Visayas State University
Baybay City, Leyte*

Thru: **ELIZABETH S. QUEVEDO**
Head, VSU Department of Pure and Applied Chemistry

Dear ***President Tulin:***

I am writing to apply for an **INSTRUCTOR I** position at your institution, the Visayas State University (VSU), particularly inclined with my specialization – Chemistry.

I graduated from the University of Eastern Philippines, Catarman, Northern Samar with a degree in Bachelor of Science in Chemistry last April 2018, and subsequently I became a licensed chemical technician. I have been privileged to be granted with a Department of Science and Technology – Junior Science Scholarship Level and a graduate of the *DLSU – PCHRD Tuklas Lunas Fellowship program for Natural Products Research*. Currently, I am enrolled at the *University of the Philippines – Manila's MS Biochemistry* program.

I am a conscientious person who works hard and pays attention to details. I am flexible, quick to pick up new skills and eager to learn from others. Also, I have lots of ideas and enthusiasm. I am keen to work for an institution with a great reputation. My outgoing personality, my experiences, and my completed education make me a strong candidate to this position.

I very much hope that you will look favorably upon my application by recognizing my enthusiasm, talents, skills in the field of Chemistry and my future potential. I would dearly like to further discuss the scope of this position, with you in person, and would welcome the chance of a meeting at your most convenient time. You may contact me thru *flyndondagalea@gmail.com* or thru my cellular phone number 0918-990-2899.

Thank you in advance for your time and consideration.

Respectfully yours,

FLYNDON MARK S. DAGALEA
Applicant
