Dr. Edgardo E. Tulin
PhilRootcrops Director & University President
Visayas State University
Visca, Baybay City, Leyte

Attention: Prof. Lisa I Arce
Assistant Director, PhilRootcrops

Dear Dir. Tulin:

I am strongly recommending Ms. Mikaela M. Gongora for any available faculty position in your Center, the PhilRootcrops.

Ms. Gongora had been my thesis advisee in her BS DevCom and I could vouch on her dedication and determination to come up with a good thesis equivalent to a master's thesis. Currently, she is pursuing her MS DevCom and she only lacks a master's thesis and a graduate seminar to finish her master's degree at VSU-DevCom department. She has shown her good attitude towards working on a thesis-research and has graduated from her BS DevCom with Latin Honors as Magna Cum Laude. I am confident that MS. Gongora can grow professionally and she can contribute much in achieving the goals of the Center.

I hope and pray that you will give her the chance to become a regular faculty at the Center.

Very truly yours,

CHRISTINA A. GABRILLO
Associate Professor V, DDC
