

DR. SUZETTE B. LINA

Department Head
Department of Soil Science
Visayas State University
Visca, Baybay City, Leyte

Dear Dr. Lina:

Good day!

I am writing to express my keen interest in the Instructor II position within your esteemed department. I graduated with honors, obtaining the distinction of Cum Laude in my BS Degree in 2019. Subsequently, I have successfully acquired my license as an Agriculturist in the November 2022 Board Exam and completed my Master's Degree in Soil Science in 2023. Armed with these credentials, I am eager to contribute my knowledge, skills and commitment to the continued success of the department.

As a former part-time Instructor and current Research Assistant in the Department of Soil Science, I am already familiar with the working environment. My tenure in these roles has improved my communication skills and critical thinking abilities, further boosting my confidence in seeking a more permanent position within the teaching field. While my experience in teaching and research may not be extensive, I am enthusiastic about the opportunity to undergo further training to enhance my capabilities for the position.

I appreciate your valuable time and kind consideration of my application. I am optimistic about the potential to contribute significantly to the department's objectives. I am eagerly awaiting a positive response to my application. If you have any questions regarding my application, please feel free to contact me using the details provided below.

Thank you very much for considering my application.

Sincerely,

JOHN MARK S. RISOS
