LOURD FRANZ M. GABUNADA
Department Head, Department of Biotechnology
Visayas State University
Baybay City Leyte, Philippines

Dear Mr. Lourd Franz Gabunada,

I am writing to apply for the position of Assistant Professor IV at the Department of Biotechnology, Visayas State University. With my Ph.D. major in Applied Biological Chemistry and a strong passion for teaching, I am eager to contribute to the academic community at your esteemed institution.

I completed my doctoral degree at Tokyo University of Agriculture and Technology. My research was on studying glycan structure and formation in the Central Nervous System node of Ranvier, which focuses on glycobiology, biochemistry, and neurobiology. I have a strong commitment to education and have actively engaged in teaching throughout my academic journey. I have mentored undergraduate and graduate students, facilitated laboratory sessions, and led discussions on biochemistry topics.

I am particularly interested in joining VSU due to its reputation for excellence in education and research. I am inspired by the university's commitment to fostering a supportive and inclusive learning environment. I am excited about the opportunity to contribute to the development of future scientific leaders and to engage in collaborative research endeavors within the biochemistry department.

Thank you for considering my application. I look forward to the possibility of an interview to discuss my suitability for the position. Please find my contact information below, and I am available at your convenience.

Respectfully yours

Ea Kristine Clarisse Tulin
