Prof. Zyra May H. Centino  
Head, Department of Economics  
Visayas State University  
Visca, Baybay City, Leyte

Dear **Prof. Centino**,

I am writing to apply for the instructor position posted at the Visayas State University's website.

I have teaching, research, and project management experience that is fit to the vacancy. I have taught mathematical economics, microeconomics, cost-benefit analysis, and general economics in college and applied economics in senior high school. I was directly involved with researches in resource valuation, impact assessment, result-based monitoring and evaluation (RBME), and climate-risk vulnerability assessment. In my present role as a research specialist and project manager at the Innovation office of VSU, I have worked with the Visayas Consortium for Agriculture, Aquatic and Natural Resources Program (ViCARP) and the Philippine Council for Agriculture, Aquatic and Natural Resources Research and Development (PCAARRD) to form the Regional Technology Business Incubation program of Eastern Visayas. This large component of the Regional Agri-aqua Innovation System Enhancement (RAISE) harmonized the technology commercialization and startup support programs in the region.

For your reference, I have uploaded my curriculum vitae, diploma, eligibility certificate, transcript of records (TOR), and personal data sheet (PDS) to the website along with this letter.

I am looking forward for your positive response to this application and I can be invited anytime for an interview through the contacts I have provided.

Sincerely,

Jedan A. Cavero
