**VISAYAS STATE UNIVERSITY**  
**Department of Pure and Applied Chemistry**  
**Visca, Baybay City, Leyte**

**RE: Part-Time Instructor**

**Dear Dr. Quevedo,**

Upon crossing a job opening for a Part-Time Instructor position posted on the VSU jobs website, I was eager to apply with strong interest. The moment I reviewed the job description, I was excited to see how well my experiences and qualifications align with the department's needs and position requirements. I completed my Bachelor's degree in Chemistry at this institution and obtained my Chemical technician license in 2018.

As a former Part-time Instructor at DoPAC, I am already familiar with the department's teaching methodologies, curriculum, and the expectations set for instructors. During my previous teaching engagement, I had the opportunity to teach various lab subjects, including Inorganic, Biochemistry, and Organic Chemistry. During my teaching experience, I conducted online classes where I provided students with the opportunity to observe virtual experiments and explain the underlying principles and techniques behind that experiment. In addition to my teaching background, I possess knowledge and skills acquired from my industry experience. With over three years of industry experience, I have developed strong analytical and problem-solving abilities, meticulous attention to detail, and effective communication skills. These competencies are crucial for teaching lab subjects, which necessitate hands-on instruction, data analysis, and critical thinking. Throughout my industry tenure, I have extensively worked with laboratory techniques, safety protocols, and relevant equipment in the field of chemistry. I have gained expertise in conducting experiments, analyzing data, and interpreting results. Moreover, my practical industry experience will allow me to offer students valuable real-world examples and practical applications. This will help me to effectively bridge the gap between theoretical concepts and their practical implementation, enhancing the learning experience for students.

I believe that my educational background, relevant experience, and extensive training make me a qualified candidate. Additional documents are attached for your perusal. I look forward to hearing from you at your earliest convenience and discussing how my experience and qualifications will prove valuable in the role. Thank you and God bless.

Sincerely,

**Angelica C. Managbanag**
