ELVIRA L. OCLARIT

Department Head
Department of Pest Management
Visayas State University
ViSCA, Baybay City, Leyte

Dear Dr. Oclarit:

I am writing to you that I am willing to apply as Instructor I position of DPM. I am Jofil Alao Mati-om, a graduate of BS in Agriculture major in Plant Protection specializing in Plant Pathology last April 2013 in this university. Recently, I have earned my Master Degree in Plant Pathology specializing on molecular plant pathology last December 2019. In addition i have also attended several trainings, seminar, conferences, symposium etc. on molecular plant pathology locally and nationally. As for extensive research, I have work on several projects on molecular detection of several plant pathogens and evaluation of resistance of selected crops. In fact, my master thesis focused on molecular and optimization of protocol for early detection of Abaca Bunchy Top Virus (ABTV).

Herewith I attach my resume and credentials, it would be nice if I could talk to you directly so that I am able to explain how I would be an excellent asset for your department.

Thank you for your time and consideration.

Sincerely,

Jofil A. Mati-om
