**Dr. ANNA MARTHA C. MONSANTO**

Department Head  
Department of Agricultural Education and Extension  
Visayas State University

Dear **Dr. Monsanto**,

Good day!

It is my utmost honor and privilege to apply as Assistant Professor I in your department.

I am Fe F. Valenzona, single, of good health, and residing at B28 L32 P2B V and G Subdivision, Brgy. 109-A, Tacloban City. I graduated with Bachelor's Degree in Agricultural Chemistry from the Visayas State College of Agriculture, now Visayas State University. I pursued Master of Science in Agricultural Extension from the same University to further my knowledge in agricultural endeavor. I am currently an Agricultural Technologist in the Provincial Agriculture Office of Leyte.

With more than two decades' experience as Researcher and Extension Worker, I am confident and proud to say that it has afforded me a well-rounded skill set, and a much wider and positive perspective in the efficient and effective delivery of agricultural services. My teaching stint in the High School Department of ViSCA gave me insights on imparting basic knowledge to young minds. As part of your working force, I hope to bring about changes in the lives of our students and clienteles in the rural areas by improving their efficiency and productivity.

Enclosed are my credentials and resume for your perusal and reference.

Thank you and God bless!

Sincerely,

**FE F. VALENZONA**

Applicant
