## PERSONAL PROFILE

I am a Bachelor of Secondary Education major in Mathematics, graduate last 2019, and from then on I am a tutor until 2022. Now, I am Customer Service Representative, currently working at Virtual Staffing Solutions, but still looking for a school which I can grow professionally and use my degree for teaching, I think that I can be a great help for I have an experience already in teaching even if it's not a classroom set-up but a group tutorial. I am a flexible person and know how to manage my time, willing to be trained and a goal-oriented person.

## WORK EXPERIENCE

### Part-time Instructor
