

JANUARY 4, 2021

DR. EDGARDO TULIN

VSU president
Visca Baybay City, Leyte

THRU

DR. ELWIN JAY V. YU

Chief of Hospital
University Services for Health Emergency and Rescue

Dear Dr. Edgardo Tulin,

I am writing you this letter with the intent of applying for the job opening of Medical Technologist II. The university's present demand for a competent and experienced Medical Technologist has piqued my interest above all the opportunities there is.

I have recently completed a 7-month contract as a J.O. in your renowned university as a Med. Tech. staff from May 4, 2020 until just recently this December 31, 2020 last year. I believe I have been properly immersed and well prepared for this job because of the opportunity to work under your competent employees in the department. My most recent regular job was at OSPA-FARMER'S MEDICAL CENTER. I resigned from my post as the hospital's Chief Medical Technologist with almost 25 years of experience. My previous experience contributed to my growth and development as a competent professional in my field of work. Aside from the technicalities of the job, I am capable of working well under pressure and handle interpersonal relationships within the work premises.

For additional details regarding my qualifications and eligibility, please refer to my attached resume.

Thank you for considering and reviewing this application. I am much willing to submit myself if an interview is needed. God bless, and Thank You.

Respectfully Yours,

GAYS. FERNANDEZ
