ROBELYN T. PIAMONTE

Department Head

Department of Pest Management

Visayas State University

Visca, Baybay City, Leyte

Dear Dr. Piamonte:

Greetings!

I wrote this letter to express my sincere interest in the open position as a part-time instructor at the Department of Pest Management that was posted both on VSU and the department's website. I believe that with my educational background and experience I will be an asset to your team.

I am a graduate of Agriculture from this institution and is pursuing my master's degree in Plant Pathology. I have been working as a part-time ESL teacher for the past two years and had the chance to teach Microbiology and Crop Protection subjects last year in the same department. During this time, I have been able to develop a deep understanding, effective teaching technique and a strong sense of classroom management which helped me keep the students engaged and motivated while delivering quality instructions. I believe I have the qualifications, experience and passion to make a positive impact to this institution.

Please review my enclosed resume for in-depth information about my accomplishments and work history. I would appreciate the opportunity to be interviewed at your earliest convenience. Should you wish to contact me to discuss my background fit and personality, you can reach me at dulceamorca.13@gmail.com or 09750739041.

Thank you for your time and consideration.

With best regards,

Dulce Amor C. Acampado
