**MARLON M. TAMBIS**

Assistant Director

Philippine Root Crops and Research and Training Center

Visayas State University

ViSCA, Baybay City, Leyte

**Dear Prof. Tambis,**

Greetings!

I am Jeanie Rose S. Deluza, a graduate with the degree of Master of Science in Development Communication with a minor in Agricultural Extension at Visayas State University. I am writing to express my intent and to apply as an Instructor I in Development Communication for PRCRTC. For years, I've been exposed to extension and media-related work at the university as a multimedia specialist, research assistant and just last semester, as a part-time instructor.

While much of my work experience so far have revolved within extension and production, my recent experience in teaching have made me see what I can do and that I am capable of learning and sharing knowledge. With this, I am eager to hone my capacity in this field and in research if given a chance to work for the center.

As a development communicator and a product of VSU, I am passionate and dedicated, flexible, and always open to improvement. If given a chance to work for PRCRTC, rest assured that I'll bring with me what I have learned so far from my academic and work experiences.

With my background in development communication, teaching, media production, research, and extension, I offer my academic credentials, skill sets, and the right attitude towards work. I've attached my resume for your consideration and I look forward to getting a positive response from you soon.

Respectfully,

**JEANIE ROSE S. DELUZA**
