48 Hours Tech-Workshop for teachers: Enhancement of the Basic Computer Competencies

PROGRAM PERIOD

- 6 days training or 48 hrs of BASIC Computer Competencies training
- Date: June 4-9, 2023

PROGRAM DESCRIPTION

- This workshop is a 48-hour online training workshop designed for teachers to provide them with the new basics of the computer competencies. As technology continues to advance and change, the basics before is not the basic of the present. This training-workshop will give them the latest not only with the functionalities but some important updates with regards to legal technicalities surrounding the world of technology.

PROGRAM OUTCOME:

This program has the following end in mind:

- Capacitate Teachers with Office Productivity Tools and its functionalities;
- Manage communication technology; and
- Provide on-hand experience through online workshop on the functionalities using basic computer competencies.
- 4.Create a simple re-entry action plan for basic computer competency.

RESOURCE PERSONS:

- DR. CARL E. BALITA
- JOHN PHILIP D. ORDOÑEZ
- JUNE KIERVIN DIOSO
- VEL MARIE PALISBO
