Prof. Anatolio N. Polinar  
Head, Department of Forest Science  
Visayas State University  
Visca, Baybay City, Leyte

Dear Prof. Polinar:

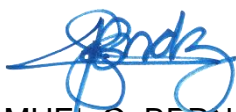

I am grateful for the opportunity to apply for the position of Part-time Instructor at the Department of Forest Science, Visayas State University (VSU). I believe that my five years of experience in instruction teaching forestry and related courses make me the best fit for the job. In addition, though I have diverse experience working for research projects, government office, non-government organization, and academe, teaching is my greatest passion.

I am a Registered Professional Forester with over 12 years of relevant work experience. I earned my Master of Science in Forestry degree at VSU last August 12. My fieldwork and teaching experience will undoubtedly help bring out the best in students. Aside from teaching experience, I also have adequate research experience as a Research Associate in the Phil-LiDAR project of the Department of Science and Technology (DOST) and a Science Research Assistant in the Australian Centre for International Agricultural Research (ACIAR) Forestry Project. Furthermore, I have published five articles in international journals and proceedings.

If I am shortlisted for the teaching demonstration and interview for the selection process, please get in touch with me via phone or text at 0927 974 3424 or via e-mail at [samuel.bernaldez@vsu.edu.ph](mailto:samuel.bernaldez@vsu.edu.ph). Should I not receive any response, I hope it is okay if I contact you on October 7 (Friday), 2022, to follow up on this application.

Please refer to the attached curriculum vitae, certification of board exam rating, diploma, transcript of records, training certificates, and teaching performance evaluation by students for your perusal. Thank you, and I look forward to speaking with you about this teaching job opportunity.

Sincerely,

SAMUEL O. BERNALDEZ
