Dr. Shalom Grace S. Vega
Principal
VSU Integrated High School
Visca, Baybay City, Leyte, Philippines, 6521

Dear Dr. Vega,

I am writing to express my enthusiasm in the MAPEH (Music, Arts, Physical Education, and Health) teacher position at your respected school- VSU Integrated High School. I am currently a student at Visayas State University and in the final stages of completing my Bachelor of Culture and Arts Education (BCAEd) degree and expecting to graduate in August 7, 2024. Though I have not yet graduated, I am eager to bring my passion for teaching and commitment to student development to your esteemed institution.

Throughout my academic career, I have gained valuable experience in various educational settings that have prepared me to excel in a teaching role. During my teaching internship at Inopacan National High School, I have successfully completed a series of field placements across diverse grade levels, which have provided me with invaluable practical experience in essential aspects of teaching, including lesson planning, classroom management, and student engagement strategies. These immersive experiences have significantly strengthened my resolve to excel as a devoted and proficient educator.

The school's dedication to cultivating an enriching and vibrant educational atmosphere is a prominent factor that has captivated my interest. I am particularly impressed by the school's emphasis on the integration of creative arts and physical education within the comprehensive curriculum. Given my background in MAPEH and my genuine enthusiasm for these disciplines, I firmly believe that my qualifications and passion align harmoniously with the school's mission and values.

I am particularly passionate in cultivating an environment that encourages students to explore and cultivate their aptitudes in music, arts, physical education, and health. I firmly believe that these disciplines play a pivotal role in fostering holistic development, encompassing creativity, self-expression, and physical well-being. In my teaching approach, I prioritize student-centered methodologies, striving to establish an inclusive and captivating classroom where each student feels esteemed and motivated to attain their utmost potential.

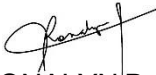

In conjunction with my academic credentials, I possess an unwavering commitment to ongoing learning and professional advancement. I am resolute in my dedication to remaining abreast of current educational trends and integrating progressive pedagogical approaches to optimize student learning achievements. In fact, I attended the recently conducted Philippine Association for Teachers and Education (PAFTE) 8 Regional Pre-Service Teachers' Congress 2024, where I

gained practical and significant knowledge for educating. Furthermore, I possess excellent communication and interpersonal skills, which enable me to effectively collaborate with students, parents, and colleagues. My latest achievement as one of the Student Teaching Proficiency Nominees in our College mirrors my capacity of becoming an effective educator. I believe in building strong relationships with students and creating a positive and supportive classroom community. I strive to create a safe and nurturing environment where students feel valued, respected, and motivated to achieve their full potential.

I am thrilled by the prospect of becoming a member of the esteemed team of your school and playing a significant role in fostering the intellectual and personal development of your students. With a strong educational foundation, practical expertise, and a genuine passion for MAPEH, I am confident that I can bring substantial value to your institution. I eagerly anticipate the opportunity to engage in further discussions regarding the alignment of my skills and experiences with your specific requirements

Thank you for considering my application. I am available at your earliest convenience for an interview and can be reached at 09551367623 or via email at ronasual15@gmail.com. I have attached my resume for your review.

Sincerely,

RONALYN B. SUAL

Visayas State University

Expected to graduate on August 7, 2024
