### Description.

Resistant and reliable. The bright flashlight is designed to last and consists of quality LED and stainless steel bulbs, rugged construction and waterproof body.

Two lighting modes. Mini flashlight has white and yellow light for various scenarios. White light is suitable for inspection and yellow light is suitable for eye evaluation, a complete and rich light combination.

Sleek and compact design. The light's slim curves are suitable for small spaces to illuminate hard-to-see work areas. With a metal clip, it is easy to carry and can fit into pockets, bags, shirts, pants, etc. The flashlight is designed with a rechargeable USB port for added convenience. Loading.

One-touch switch with magnetic back cover for easy use.

Multi-functional pen light. Super view design, perfect for use as medical inspection light or reading, walking, camping, camping, hiking, repair, power outage, etc.
