**RUTH ABUYABOR-OMEGA, MD, FPCR**  
Radiologist

This is only a radiologic interpretation and should be correlated with clinical and laboratory findings.  
Thank you for referring.

I had to accompany my wife last Friday, July 12, 2024 to the provincial hospital because she needs to get an X-ray. She sustained minor injuries a day before (7:30 pm Thursday July 11) from a vehicular accident at Baybay City, Leyte. She was immediately taken to the VSU Hospital where she was cleared of major injuries. However, Dr. Guinocor recommended that she get an X-ray just to be sure.
