

## MARKET SCOPING CHECKLIST

### 1. AGENCY INFORMATION

|                                      |                             |
|--------------------------------------|-----------------------------|
| Name of Procuring Entity             | Visayas State University    |
| End-User/Implementing Unit           | Department of Biotechnology |
| Name & Designation of Representative | Donna Christene Q. Ramos    |

### 2. PROJECT OVERVIEW

|                                                        |                                                                                                            |
|--------------------------------------------------------|------------------------------------------------------------------------------------------------------------|
| Project Name                                           | Procurement of Laboratory Supplies for continuous delivery of instruction for the BS Biotechnology Program |
| Estimated Budget                                       | P78,300.00                                                                                                 |
| Period of Market Scoping [From (mm/yyyy) To (mm/yyyy)] | 10/2025 to 10/2025                                                                                         |
| Expected Date of Delivery (mm/yyyy)                    | 01/2026                                                                                                    |

### 3. MARKET SCOPING ACTIVITY/IES CONDUCTED *(Check all that apply)*

This confirms that market scoping activities were conducted in accordance with Section 10 of Republic Act No. 12009 and its Implementing Rules and Regulations (IRR), and considered in the Project Procurement Management Plan, consistent with the Principle of Proportionality.

| Check<br>(✓)                        | Activity/ies Conducted                                                                                 | Documentation<br>(as may be applicable)                                                                                                                                                                   |

Notes:

- i. The market scoping activities shall be identified and undertaken at the option of the End-User or Implementing Unit based on its needs and objectives.
- ii. The list of supporting documents in the Documentation column is not exclusive and may include other documents that may be gathered by the End-User or Implementing Unit pertinent to the activity/ies conducted.

#### 4. MARKET SCOPING RESULTS

Indicate recommendations in the column provided based on the results of the market scoping activities undertaken. These recommendations shall be considered in the development of a comprehensive and realistic PPMP, taking into account the parameters outlined under Section 10.4 of the IRR of RA 12009, as may be applicable.

| Parameters                                                                    | Considered?<br>(Yes/No/ Not<br>Applicable) | Recommendations based on the<br>Market Scoping<br>(Attach additional documents if<br>necessary)                                                                                     |

• **dNTP Solution Mix (10mM each, 4×0.25mL)**  
**₱6800 Pesos**

MBT079 dNTP solutions set, contains 10mM  
each of dATP, dCTP, dGTP, dTTP  
(0.25ml of each dNTP)  
Product Name: dNTP solution set, 10 mM  
each , 0.25 ml  
Product Code: MBT079-4X0.25ML  
Kit Packing: 4x0.25 ml

• **MgCl<sub>2</sub> solution, molbio standard**  
**₱4,950/100 ml**

Appearance : Colorless solution  
Clarity : Clear and free of particles  
DNase & RNase : None detected  
Sterility : No Bacterial or Fungal growth  
observed after 14 days of incubation as  
per USP Specifications  
Suitability Test : This product has been  
tested and is suitable for use.

• **PCR primers**  
**₱11,500/50R**
