

## MARKETSCOPINGCHECKLIST

### 1. AGENCY INFORMATION

|                                      |  |
|--------------------------------------|--|
| Name of Procuring Entity             | GENERAL SERVICES OFFICE                          |
| End-User/Implementing Unit           | GENERAL SERVICES OFFICE                          |
| Name & Designation of Representative | MARLON G. BURLAS – DIRECTOR,<br>GENERAL SERVICES |

### 2. PROJECT OVERVIEW

|  |   |
|--|---|
| Project Name   | <i>Repair and Restoration Works on Electrical Lines (Primary and Secondary Distribution Lines) and Water Supply Lines Damaged by Typhoon Tino</i> |
| Estimated Budget                                       | <b>₱ 3,650,000.00</b>   |
| Period of Market Scoping<br>[From(mm/yyyy)To(mm/yyyy)] | <b>11/2025 – 11/2025</b>  |
| Expected Date of Delivery (mm/yyyy)                    | <b>11/2025</b>  |

### 3. MARKET SCOPING ACTIVITY/IES CONDUCTED(Check all that apply)

This confirms that market scoping activities were conducted in accordance with Section 10 of Republic Act No. 12009 and its Implementing Rules and Regulations (IRR), and considered in the Project Procurement Management Plan, consistent with the Principle of Proportionality.

| Check<br>(✓)             | Activity/ies Conducted   | Documentation<br>(as maybe applicable)  |
|--------------------------|--|---|
| ✓                        | Consultations with suppliers / contractors / consultants/ professional associations or industry groups | Highlights of consultations or meetings/ Proof of attendance/ Reports / Summaries/ Screenshots / Brochures / Publications/ Price quotations/ Canvassssheets/MarketAnalysis Report or similar document/s |
| <input type="checkbox"/> | Participation in summits, fora, or conferences   | Highlights of consultations or meetings/Proof of Attendance/ Reports  |
| ✓                        | Review of technical, financial, or market/scientific reports   | Reports / Summaries/ Screenshots / Brochures / Publications, MarketAnalysis Report or similar document/ Online Product Reviews  |

| Check<br>(✓)             | Activity/ies Conducted   | Documentation<br>(as maybe applicable)  |
|--------------------------|--|---|
| ✓                        | Review of product or service brochures, marketing materials, industry journals and publications or related materials | Reports / Summaries/<br>Screenshots / Brochures /<br>Publications/Online Product<br>Reviews                           |
| ✓                        | Price sourcing for quotations or cost estimates from suppliers, contractors, or consultants                          | Price quotations/Canvass sheets/<br>Online Product Reviews  |
| <input type="checkbox"/> | Use of data from PhilGEPS or agency websites   | Reports / Summaries/<br>Screenshots, Price quotations/<br>Canvass sheets/ PhilGEPS<br>Postings/Online Product Reviews |
| <input type="checkbox"/> | Other analogous market scoping activity/ies undertaken:<br>_____   |   |

Notes:

- i. The market scoping activities shall be identified and undertaken at the option of the End-User or Implementing Unit based on its needs and objectives.
- ii. The list of supporting documents in the Documentation column is not exclusive and may include other documents that may be gathered by the End-User or Implementing Unit pertinent to the activity/ies conducted.

#### 4. MARKET SCOPING RESULTS

Indicate recommendations in the column provided based on the results of the market scoping activities undertaken. These recommendations shall be considered in the development of a comprehensive and realistic PPMP, taking into account the parameters outlined under Section 10.4 of the IRR of RA12009, as may be applicable.

| Parameters   | Considered?<br>(Yes/No/ Not<br>Applicable) | Recommendations based on the Market<br>Scoping (Attach additional documents if<br>necessary)   |
|--|--|--|
| <b>a. Project Cost Estimate</b> [Does the cost estimate align with current market prices?] | Yes  | The cost estimates for electrical and plumbing materials were verified through supplier canvassing and online market sources. Prices are within the acceptable range based on 2025 market rates for steel poles, ACSR conductors, transformers, and PVC fittings. The slight difference is due to price adjustments on delivery costs and brand differences, |

|  |   | also on hardware and electrical components affected by post-typhoon demand. Overall, the cost remains reasonable and within market range.  |
|--|---|--|
| <b>Parameters</b>  | <b>Considered?<br/>(Yes/No/ Not<br/>Applicable)</b> | <b>Recommendations based on the<br/>Market Scoping</b><br><i>(Attach additional documents if<br/>necessary)</i>  |
| <b>b. Project Design and Specification</b><br>[Does available supplier/s meet technical and financial requirements?]   | Yes   | The identified suppliers meet the required technical and financial capacity. Materials such as galvanized steel poles, ACSR conductors, and transformers conform to the project's technical specifications and are available locally.      |
| <b>c. Technical Criteria</b><br>[Does the market support the proposed technical requirements?]   | Yes   | The market supports the proposed technical requirements for both electrical and plumbing supplies. Equivalent materials and brands are available from multiple distributors in Region VIII and nearby cities.                              |
| <b>d. Delivery Lead Time</b><br>[Are the timelines for delivery feasible?]   | Yes   | Local suppliers can deliver within <b>7–14 days</b> after purchase order issuance. The target delivery within <b>November 2025</b> is feasible given supplier stock availability.  |
| <b>e. Storage and Warehousing Requirements</b><br>[Can the storage/warehousing needs be met considering specific conditions like temperature, humidity, and handling?] | N/A   | No special storage conditions required; materials can be stored in a <b>covered and dry facility</b> to avoid corrosion and moisture damage.   |
| <b>f. Identified Risk/s</b><br>[Were there any market risks identified? (e.g., limited suppliers, price volatility)]   | Yes   | Possible risks include <b>limited supplier stock</b> due to post-typhoon demand and <b>steel price fluctuations</b> . Recommended to proceed with <b>early procurement</b> and coordinate with multiple vendors to ensure timely delivery. |
