

Grammarly no longer offers a distinct "Premium" plan; instead, it provides a "Pro" plan for individuals, which is available on a monthly, quarterly, or annual basis, with the annual subscription being the most cost-effective option. A monthly plan costs \$30 per month, while an annual plan averages out to \$12 per month (billed annually). [↗](#)

### Grammarly Pro (Individual Plan) [↗](#)

- **Monthly Plan:** \$30 per month
- **Annual Plan:** \$12 per month (billed annually at \$144)
