R E: Illegal Tapping of Electricity and Construction of Houses in ViSCA

Reports have reached this office regarding the mushrooming of residential huts and structures in ViSCA territory in Brgy. Pangasugan and Guadalupe. These houses were constructed without permission from this office. Neither do they have permission to connect to ViSCA's electricity and water sources.

In consonance with ViSCA's austerity measures especially in connection with electricity consumption, you are directed to monitor/check these houses and to report to this office your findings within one week.

Please be guided accordingly.
