Dr. Candelario Calibo - DAC-FS
Dr. Margarito Escalante - DAEAM
Prof. Jesusito Lim - DPP
Engr. Nestor M. Israel - PPO

R E: Proposal on Water and Air Quality Analyses

With Ms. Ma. Aurora T. W. Tabada as chairman and the others as members, you are hereby directed to constitute yourselves into a committee to prepare a proposal on water and air quality analyses at ViSCA, Baybay, Leyte. The proposal should include the following:

1. What ViSCA would like to be studied;
2. What types of assistance ViSCA would require from the Manila Observatory based at the Ateneo de Manila University;
3. Assistance to ViSCA should include the transfer of technology and transfer of knowledge to the ViSCA staff;
4. ViSCA contribution; and
5. Other aspects related to the health concerns at ViSCA.

The Gender and Development Program has initiated a preliminary discussion with the Manila Observatory based at the Ateneo de Manila University as a possible partner in the conduct of the water and air quality analyses to address the health concerns in the campus such as the high incidence of cancer and reproductive health diseases.

We need your technical expertise in the preparation of the proposal on water and air quality analyses for submission to the appropriate agency on or before May 15, 2000.

Your participation is earnestly solicited.

PACIENCIA P. MILAN
President
