## Office of the President

12 August 2013

MEMORANDUM NO. 202

Series of 2013

**T O: All Concerned Office Heads**

**R E: SUC Leveling by CHED**

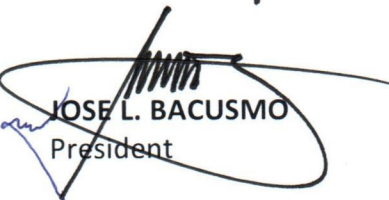

In 2014 there will be another round of SUC Leveling using the new CHED instrument with four (4) criteria as follows:

- |  |                   |
|--|-------------------|
| 1. Quality and Relevance of Instruction            | - 12 points       |
| 2. Research Capability and Output                  | - 12 points       |
| 3. Relationship with and Services to the Community | - 5 points        |
| 4. Management of Resources                         | - <u>6 points</u> |
|  | 35 points         |

Currently, VSU is classified by CHED as a Level IV institution based on the 2003 classification. In order to sustain/improve our Level IV status, we need to meet the required points for each criteria. Hence, you are directed to submit to the University Accreditation Center the following data/information as reflected in the CHED instrument:

Item	Office-in-Charge
1. List of adoptors engaged in profitable enterprises for the past three years	All Research Centers
2. List of viable demonstration projects based on positive costs and return analysis for the past three years	Eco-FARMI
3. List of income generating projects in the University with corresponding financial report	OVPPRG, Budget Office
4. Financial report of externally generated income/donation and grants (this does not include externally funded researches)	OVPPRG, Budget Office

We hope for your immediate response on this matter.

  
**JOSE L. BACUSMO**  
President
