MEMORANDUM NO. 21
Series of 1990

T O: The Protesting Staff

R E: Order to Return to Work

You are hereby ordered to stop your protest action and to return to work immediately since you have no legal basis for your protest. All accusations you are bringing to the public have been brought by yourselves to courts while others have been properly attended by higher authorities. Therefore, you have no more reason to keep on harping on those issues nor to preempt the decisions of the court.

By continuing your illegal action, you are actually defying the call of President Corazon Aquino for peace and reconciliation at this time of National Emergency when our country needs more cooperation from its people rather than continuing destabilization.

M. R. VILLANUEVA
President
