Attn: Dr. Alice M. Acabal
Associate Professor

Dear Dr. Bacusmo:

Happy New Year!

The Philippine-American Educational Foundation (PAEF) administers the Fulbright program, which aims to strengthen the relationship and increase mutual understanding between the people of the United States and the Philippines by awarding study, lecturing, research grants, and fellowships. PAEF is pleased to announce the 2012-2013 Fulbright student competition. PAEF seeks qualified and talented Filipinos interested in applying for a Fulbright grant for degree (master's or Ph.D.) or non-degree studies. The application period for the 2012-2013 competition is from December 13, 2010 to March 25, 2011.

We are also promoting other scholarship programs such as the Fulbright-Philippine Agriculture Scholarship Program (FPASP) for Advanced Research in Agriculture in the U.S. (i.e., from December 13, 2010 to April 15, 2011); the Fulbright Foreign Language Assistants Program (i.e., from December 13, 2010 to April 29, 2011); and the International Leaders in Education Program (ILEP) for high school teachers of Math, Science, English, and Social Studies (i.e., December 13, 2010 to March 31, 2011).

In connection with these programs, I write to request for your permission to allow PAEF to do an outreach presentation at the Visayas State University (VSU) on Thursday, January 27, 2011 from 10:00 – 11:30 in the morning to discuss/promote the Fulbright and other scholarship programs. Please encourage potential/eligible faculty members and university staff and officials who are looking for educational opportunities in the US and committed to serve and return to our country upon completion of their Fulbright grant. The Fulbright scholarship is not open to those whose areas of specialization are in health-related fields, engineering, medicine, applied sciences and applied math.

Ms. Eileen Consuelo D. Valdecañas, Program Officer/Educational Advising Coordinator, and our Accountant, Ms. Susana B. Lapradez, will make the presentation at VSU and answer inquiries about the Fulbright and other scholarship programs. I hope that you will be able to accommodate our request.

We can e-mail the electronic copy of the application form before the requested outreach presentation date. Please distribute the application form to qualified faculty and staff. If possible, we would like to spend time with faculty members who would have completed the first three pages of the application form. We can give them tips on how to improve and complete the rest of the application requirements.

Please feel free to contact me for any questions at any of the numbers below or e-mail me at ecunanan@fulbright.org.ph. Information about the fellowship programs described above is available on the PAEF website www.fulbright.org.ph.

Thank you for your continued support.

Sincerely,

Esmeralda S. Cunanan
