Information Officer II

R E: Delayed Release of the Obelisk

It has come to the attention of this office that the Obelisk – a weekly publication of the university has been delayed for four (4) weeks already. Also, several weeks ago, some issues of the Obelisk were released on a Friday instead of a Tuesday as agreed.

In this regard, you are hereby directed to examine carefully and focus more attention to the operations of the Obelisk in order to come-up with a timely publication.

JOSE L. BACUSMO
President
