Faculty, and Students**

R E: Launching of VSUEE's Branded Moodle App

Visayas State University is now in its third year of implementing the VSU E-Learning Environment (VSUEE). VSUEE plays a vital role in the University's flexible learning modalities. It serves as the Learning Management System (LMS) used by the faculty and students to deliver academic instruction based on their courses.

Last October 2021, a proposal was presented to UADCO to purchase a Branded Moodle App for VSUEE. The premium and Branded Moodle App (BMA) for VSUEE aimed to maximize students' access to their virtual classrooms and address students' and faculty concerns – the stability of internet connection, system maintenance, diagnostics, and monitoring. And in the hope to achieve that #noviscanshallbeleftbehind. After almost nine months of processing and complying with all the requirements, the application was approved and published on Google Play and Apple App Store on July 5, 2022.

In connection, you are encouraged to attend the official launching of VSUEE's Branded Moodle App on July 28, 2022 (Thursday), from 9:30 AM – 12:00 PM via Zoom and live-streamed on the VSU Facebook Page. This activity aims to orient all faculty and students on its salient features and functionality.

Please register in advance to the zoom link provided below:

<https://vsu-edu-ph.zoom.us/meeting/register/tJAuceqqjwrGtGCeFo6xEKQpYy2rBvdlfmV>

After registering, you will receive a confirmation email containing information about joining the meeting.

Attached is the program of Activities for your reference.

Please be guided accordingly.
