MEMORANDUM NO. 140
Series of 1988

T O: All Faculty, Staff and Students

R E: ViSCA "Operation Tambayayong"

You must have witnessed the devastation caused by Typhoons "Unsang" and "Yoning" to our region and to the country as a whole. Some of us are actual victims of those typhoons. Still, some are more unlucky than others. Some lost their entire homes, others only received minor deformation. Some lost their lives, others like us are lucky to be alive.

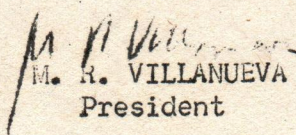

On this occasion therefore, let us think of the more unlucky ones who will still experience more suffering due to the effects of those typhoons. Let us spare them with a part of what we have - cash, clothing, food, household materials, etc. This can be an opportunity to put many household items into use.

In this connection, I am organizing a Civic Action Task Force to implement "Operation Tambayayong" composed of the following:

Ms. Annabelle Bautista	- Chairperson
Ms. Ofelia Velarde	- Vice Chairperson
Mr. Rosendo Gahum	- Member
Mr. Paciano Quirol	- Member
Engr. Vicente Fornolles	- Member
Ms. Archil Bacareza	- Member
Ms. Luz Devaras	- Member

They shall organize a campaign to collect contributions from the campus. Their plans for collection and distribution shall be subject to the approval of this office. Although the need for assistance is nationwide, the ViSCA campaign should give preference to needy individuals in the neighboring communities.

Everyone's help will be counted and recognized.

M. R. VILLANUEVA
President
