

15 May 2023

MEMORANDUM CIRCULAR NO. 76
Series of 2023

T O: All Undergraduate and Graduate Students
R E: Medical Examination for Academic Year 2023-2024

At the university, we aim to ensure that all university constituents are always healthy and safe.

We have resumed mostly in-person activities since the onset of the pandemic, including our classes, which is why we have now reinstituted the mandatory annual physical examination of all students before enrolling in the university.

The medical exam is important because, among many others, it helps prevent potentially contagious diseases from spreading as well as it ensures all students are fit for university life. This is one of the many ways we look after everyone's welfare.

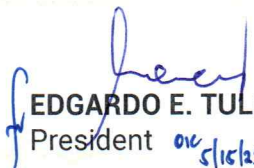

With these, all **undergraduate and graduate students** in the main campus who are currently enrolled this second semester, SY 2022-2023, are required to report to the University Services for Health, Emergency and Rescue (USHER) for their physical examination on the following schedules:

May 15 - June 2, 2023

**8:00 AM - 11:00 AM
1:00 PM - 4:00 PM**

The dental examination will continue after the start of classes. Students shall be notified on their schedule on dental examination

For everyone's guidance and compliance.

EDGARDO E. TULINO
President *on 5/15/23*
