MEMORANDUM NO. 75

Series of 2021

T O: Concerned Faculty

R E: Participation to the Livestock Biotechnology Center-Virtual Research Proposal Writing Workshop

The Philippine Carabao Center - Livestock Biotechnology Center, in collaboration with DA-Biotechnology Program office, and DOST- National Research Council of the Philippines (NRCP) Division XIII are organizing an activity entitled, "Livestock Biotechnology Center- Virtual Research Proposal Writing Workshop" on February 23, 24, and 26, 2021 via Zoom webinar platform.

The workshop is designed to assist researchers, scientists and academe in state colleges and universities, government agencies, local government units and research institutions from different scientific fields of expertise in coming up with well-written full research proposals on livestock biotechnology ready for submission to DA-Biotechnology Program and other funding agencies.

In this light, the following are endorsed to participate and represent the University in the aforementioned virtual workshop:

College of Veterinary Medicine

1. Dr. Ana Marquiza Quilicot
2. Dr. Shiela R. Rabe
3. Dr. Harvie P. Purtagaliza

Department of Animal Science

4. Prof. Warren D. Come
5. Mr. Roger Roque E. Bustamante
6. Prof. Manuel D. Gacutan Jr.

Department of Biotechnology

7. Ms. Jo Jane D. Atok
8. Dr. Ma. Theresa P. Loreto
9. Mr. Lourd Franz M. Gabunada

Department of Biological Sciences

10. Ms. Kyza Mae M. Ramoneda

For the information and guidance of all concerned.

EDGARDO E. TULIN
President

February 5, 2021

DR. EDGARDO E. TULIN
University President
Visayas State University

Dear **Dr. Tulin**:

Greetings!

The Philippine Carabao Center-Livestock Biotechnology Center, in collaboration with DA-Biotechnology Program office, and DOST- National Research Council of the Philippines (NRCP) Division XIII, are organizing an activity entitled, "Livestock Biotechnology Center- Virtual Research Proposal Writing Workshop" on February 23, 24, and 26, 2021 via Zoom webinar platform.

This workshop aims to strengthen the writing capacity of researchers, scientists and academe in state colleges and universities, government agencies, local government units and research institutions from different scientific fields of expertise throughout the Philippines in coming up with well-written capsule and/or full research proposals on livestock biotechnology ready for submission to DA-Biotechnology Program's Call for Proposals for possible funding.

In line with this, we would like to invite your university to be part of the workshop by recommending to us your own team/s of researchers (with maximum of 10 members) to attend the said activity. The identified participants will come up with their own research proposal before the said activity to be improved and be endorsed for funding.

We believe that your university is capable of conducting biotechnology researches which will be beneficial to the livestock industry. The Livestock Biotechnology Center would gladly assist you should your proposal/s be considered and selected for implementation.

Attached herein with is the program and mechanics of the activity for your reference.

Thank you and we look forward to your positive response.

Very truly yours,

CLARO N. MINGALA
Chief, Livestock Biotechnology Center
Deputy Executive Director for Production and Research

A food-secure Philippines
with prosperous farmers and fisherfolk
