MEMORANDUM NO. 904
Series of 2023

T O: All Vice Presidents, Directors, College Deans, Department & Unit Heads
R E: Submission of Privacy Impact Assessment

A Privacy Impact Assessment (PIA) allows an organization to implement a risk-based approach to data protection. It tells an organization how it can start complying with the Data Privacy Act of 2012 and related regulations by enabling it to prioritize high-risk processing activities and strategize for long-term compliance.

With this, all offices engaged in the processing of personal data are required to submit Privacy Impact Assessment to the Office of the Data Protection Officer **on or before October 13, 2023**.

For your active participation and compliance.
