Memorandum Circular No. 153
Series of 2024

TO: **All VSU Employees and Students**

RE: **Lifting of Suspension of Classes and Work**

FROM: **DR. PROSE IVY G. YEPES**
University President

DATE: **July 18, 2024**

The DOST-PAGASA has downgraded the weather alert to a "Yellow" warning level for Eastern Visayas. Based on this, the VSU Crisis Management Committee (CMC) recommends **lifting the suspension of classes and work on July 19, 2024** for the entire VSU system.

Residents in erosion-prone areas, such as the Molave, Mabolo, Mariposa, Mulberry, Kanlaon, and Sampaguita Dormitories should remain in evacuation sites at the classrooms of CME building until further notice. Residents along Lago-lago and Calbiga-a rivers can return home but must stay vigilant.

Everyone should stay alert and avoid areas with steep soil slopes until conditions improve.

For your information and usual support.
